
PUR-O-PAST 2006

highly efficient roller cleaner

in letter set and offset printing for cleaning of synthetic and rubber rollers

Characteristics:

- Removes in one operation all ink particles, which have settled in the micropores of the ink roller
- A change of colour, e.g. from black to white, is possible without any problems after application of **PUR-O-PAST 2006**
- The transport on the rollers is optimised

Application:

- Apply a small quantity of **PUR-O-PAST 2006** with scraper, avoid contact with printing plate
- Set the rollers in motion for a few minutes, until the product has spread evenly on the roller surface
- Afterwards scrub the rollers with an ordinary cleaning agent, preferably **VEGRA Roller Shampoo 20 20 11, acid (VP 187)** or **VEGRA Rapid Wash 220 212**.

Packing:

Carton with 12 Cans of 1000 g

The specifications given in this brochure are based on laboratory tests and practical experience. All specifications are to the best of our knowledge and reflect the latest state of the art, however, this does not imply any liability.
